

**PHCI**

**Public Health Conference of Iowa**

**Celebrate Public Health  
2022 Sponsorship Opportunities**

The annual **Public Health Conference of Iowa** is the place to join with Iowa's public and environmental health professionals and other organizations working to promote and protect public health for all.

We are eager to connect our sponsors and exhibitors with our attendees and the public health community. This 3-day conference will be held May 3-5, 2022, and will consist of keynote speakers, concurrent session presentations from colleagues across the state, poster presentations, wellness breaks, an exhibit hall, and opportunities to connect with public health friends. May 3-4 will be an in-person conference at Scheman Auditorium in Ames, followed by a virtual-only day on May 5. With an average attendance of 500 individuals each of the last three years, this is a great opportunity to build brand awareness with hundreds of attendees and other exhibitors. Learn how your organization can stand out at Iowa's largest annual gathering of public health professionals.

The PHCI planning team has partnered with Diversified Management Services (DMS) to organize the conference and event sponsorship. If you have any questions, please contact Jessica at [jfink@assoc-mgmt.com](mailto:jfink@assoc-mgmt.com) or 515-282-8192. **Please make your commitment by April 1, 2022.**
