LOOKING AHEAD

The last two years have been challenging, to say the least. Yet, we're proud of the strength and resolve among our workforce to continue advocating for and supporting the health of our communities.

IN 2022 AND BEYOND, WE WILL:

- **Collaborate** with partners to find ways to address the mental health burden on the public health workforce.
- **Advocate** for sustainable funding to support local public health efforts across Iowa.
- **Support** the public health workforce through a time of transition in Iowa.
- **Mentor** new public health professionals.

While we're thankful for supplemental pandemic funding that allowed us to **grow our team**, it is important that we have the financial capacity to support members well into the future.

TO HELP CONTINUE THE ADVANCEMENT OF PUBLIC HEALTH AND HEALTH EQUITY IN IOWA, please consider joining as a member and/or making a financial donation to our efforts at iowaPHA.org.
