

2023 Year in Review

Build a Public Health Movement

We share the importance of public health in every Iowan's life, advocate for wise investments in public health infrastructure, and provide opportunities for our members to engage in both.

ADVOCACY

A day of speaking with legislators about the safety, effectiveness, and preventive nature of vaccines, particularly the cancer-preventing HPV vaccine.

Public Health Day on the Hill
A day filled with public health advocates connecting with each other, sharing their expertise with legislators, and participating in many subcommittee meetings.
